

Register of Prearranged Funeral Services Contracts

Proof of consultation

Number: **C230000030**

The Register of Prearranged Funeral Services Contracts was consulted. The purpose of this verification is to locate any contracts that may have already been entered into for a particular person. One or more contracts appear to have been entered into for **First name Last name**. However, there may still be amounts payable. You can check on this by contacting the establishment concerned.

All existing contracts should be entered in the register and, therefore, appear on this document. If in doubt, you could first speak to the vendor who gave you this proof of consultation and, if necessary, continue your search by contacting other funeral service establishments before entering into an agreement.

Please retain this document and keep the information it contains confidential.
